2002, in joint reply comments. Those reply comments, submitted jointly by NPR Phoenix, Inc. and Arizona Radio Partners, LLC, contain a counterproposal that is designated a global resolution to reconcile the counterproposals already timely filed in the proceeding. The global resolution in the reply comments was intended by its

proponents to supersede the individual counterproposals filed by those parties. NPR Phoenix, Inc. and Arizona Radio Partner, LLC, thus specifically rescinded the components of their respective prior counterproposals, insofar as those proposals are inconsistent with the components of the global resolution. A notice of appearance was filed subsequently, advising the Commission that Arizona Radio Partners, LLC, has assigned its rights and interests to 3 Point Media-Arizona, LLC. The components of the global resolution are as follows:

1. To allot Channel 293C1 at Cameron, Arizona, as a first local aural broadcast service, at coordinates 35-52-33 NL and 111-24-44 WL, or, alternatively,
2. To allot Channel 289A at Cameron, Arizona, as a second local aural broadcast service, at coordinates 35-52-33 NL and 111-24-44 WL.
3. To allot Channel 247C at First Mesa, Arizona, as a first local aural broadcast service, at coordinates 35-41-09 NL and 110-21-43 WL. To accommodate this allotment at First Mesa, it is proposed that the transmitter site of KVNA-FM at Flagstaff, Arizona, be relocated and that the community of license be changed to Dewey-Humboldt, Arizona.
4. To change the community of license of Channel 248C from Flagstaff, Arizona, to Dewey-Humboldt, Arizona, at coordinates 34-14-42 NL and 112-21-27 WL. Mexican concurrence is required for this allotment. To accommodate this allotment at Dewey-Humboldt, it is proposed that Channel 269C3 be substituted for Channel 246C3 at Bagdad, Arizona, and that Channel 231C2 be substituted for Channel 247C2 at Globe, Arizona.
5. To substitute Channel 269C3 for vacant allotment Channel 246C at Bagdad, Arizona, at existing coordinates of 34-36-11 NL and 113-12-04 WL.
6. To substitute Channel 231C2 for Channel 247C2, Station KRXS-FM, at Globe, Arizona, using the licensed site at coordinates 33-17-37 NL and 110-50-09 WL. Mexican concurrence is required for this allotment.
7. To substitute Channel 252C3 for vacant allotment Channel 247C3 at Parker, Arizona, at the existing coordinates of 34-03-11 NL and 114-17-18 WL. Mexican concurrence is required for this allotment.
8. To relocate the transmitter location of KXKQ-FM at Safford, Arizona, and to downgrade it to Channel 231C2 using the coordinates 32-51-02 NL and 109-32-15 WL. Mexican concurrence is required for this allotment.
9. To allot Channel 273C1 at Grand Canyon Village, Arizona, as a first local aural broadcast service, at coordinates 36-02-47 NL

and 112-09-13 WL.

10. To allot Channel 267A at Ash Fork, Arizona, at coordinates 35-16-13 NL and 112-32-31 WL.
11. To substitute Channel 232C3 for Channel 280C3, KFPB-FM, at Chino Valley, Arizona, and relocate its transmitter location to 34-52-03 NL and 112-33-04 WL. Mexican Concurrence is required for this allotment.
12. To upgrade Channel 280C2 for Channel 280C1, Station KEDJ-FM, at Gilbert, Arizona, and to relocate its transmitter site to 33-25-39 NL and 111-28-03 WL. Mexican concurrence is required for this allotment.
13. To change the community of license for Station KAJM-FM, Channel 282C, from Payson, Arizona, to Lake Montezuma, Arizona, using KAJM's licensed site. This allotment would be a first local aural broadcast service for Lake Montezuma. Mexican concurrence is required for the allotment.

\*THE ABOVE PETITIONS FOR RULEMAKING WILL BE TREATED AS COUNTERPROPOSALS IN MB DOCKET NO. 02-73. REPLY COMMENTS TO THESE COUNTERPROPOSALS SHOULD BE SUBMITTED IN THIS DOCKET NO LATER THAN 15 DAYS (RATHER THAN 30 DAYS) AFTER THE DATE OF THIS PUBLIC NOTICE.
